## **RaceTech announces new Chief Executive**

Racecourse Technical Services Limited (RaceTech) is delighted to announce that John Bozza, former Commercial Director at SIS Live, (part of Satellite Information Services) is shortly due to join RaceTech as Chief Executive Officer. John has a broad depth of experience in the broadcast and engineering sector. Acknowledging his new position, John said, "I am delighted to be taking on this exciting role at RaceTech and I am keen to continue its success in providing high quality technical services to its customers and stakeholders".

Tom Phillips, Executive Chairman at RaceTech, remarked that "John comes with a wealth of experience in technical and commercial senior management and I look forward to him coming on board".

Gary Smith, Chief Executive at SIS commented, "We are sorry to see John go. He has been a valuable influence over the past 2 years and we wish him all the best in this new step in his career".

### **About RaceTech**

**RaceTech** is the leading technical facilities company providing innovative solutions to the horse racing industry since 1946.

RaceTech first developed photofinish technology in the 1940s and is still dedicated to providing leading edge technology for raceday solutions including the operation and maintenance of audio visual systems, closed circuit television, public address and radio communications. Its Outside Broadcast Units supply pictures for terrestrial and satellite broadcast, and provide coverage for every horse race run in Britain for the sport's integrity service. In addition, the company pioneered the introduction of starting stalls to Flat racing in the United Kingdom and continues to provide and operate stalls in the UK and overseas. Recent innovations

include a multimillion pound investment in HD technology and sponsorship of pony racing to encourage young people in the sport.
